

How to access Microsoft teams from your PC or laptop

STEP 1

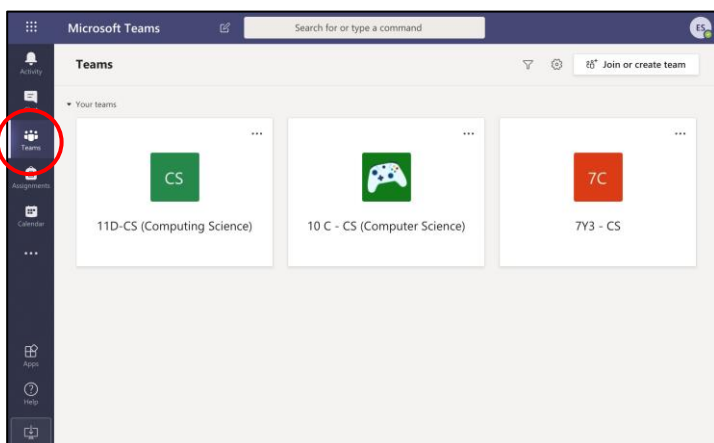

Open up your web browser (preferably Google chrome) and go to

<https://teams.microsoft.com/>

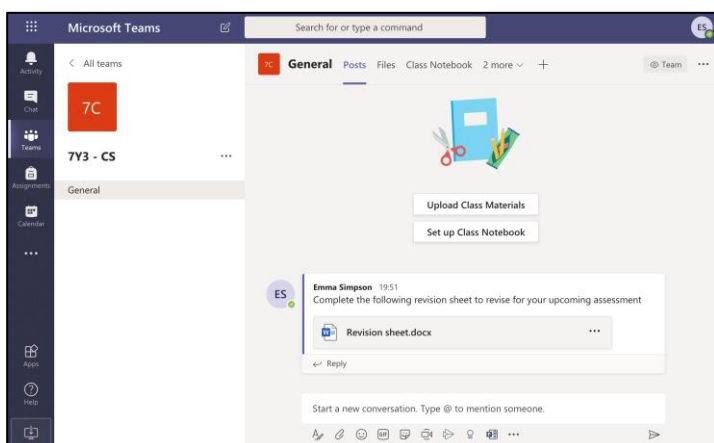

STEP 2

Enter your school email address and select next. Then fill in your password and select sign in

STEP 3

Once signed in you will see the home screen which automatically places you on the "Activity" tab. Click "Teams" to see your classes

STEP 4

Once inside you will see posts and files from your class teacher with instructions of your work.
