

March 2021 Parent-Survey Summary Results

Parents and families,

Thank you to those of you who contributed to our parent survey regarding remote learning. This document summarises the results.

- Questions 1 and 2 collected pupils' names.
- Qualitative written responses (9, 10, and 13) have been omitted to protect confidentiality but our headteachers have read every response carefully and will follow up personally with individual families where needed.

Many thanks,
