Class Structure: An explanation

Extra classrooms available at Askrigg

We have been offered the Sure Start Centre at Askrigg which contains two good size classrooms and other facilities. This will help us to address two significant problems:

- **School hours:** Department of Education guidance is that all children must be in class for 32.5 hours a week. This becomes law in September. Shuttle bus arrangements mean that some of our children are in class for less than 30 hours a week at the moment.
- **Cost and availability:** We spend over £50,000 a year on shuttle buses. Increasingly, bus firms that can undertake this contract are hard to find.

The temporary suspension of teaching at West Burton School

- From September, West Burton School will be temporarily suspended as a teaching site for the Federation. The Local Authority has approved this temporary change which can last for up to 2 years.
- The site will be maintained and kept in reserve pending any alterations in our circumstances. Any permanent change will require a full public consultation process led by North Yorkshire Council.
